Hilton Fair President-- Dates Set

The McKean County Fair and Races this fall will be the biggest and best in many years. R. W. Hilton, orgnizer of the local meet and for ten years its president, has been persuaded to again accept the presidency of the Association. No efforts or expense will be spared to secure the most superior attractions for the free acts.

There will be a strong program, everything in fact to interest and attract the fair-goer.

Hon. R. W. Hilton will be in New in the near future to secure attractions and horses for the races. There will be trotting, pacing and running events.

No other town within a hundred mile radius will hold a horse-racing meet this year.

The dates for the fair will be: Sept. 14, 15, 16 and 17th.

At a director's meeting at the Grange Bank last Friday, the following directors offered their resignation: C. D. Comes, James McKean, W. H. Gallup, Geo. Richards, E. A Studholme, F. D. Gallup.

FARM BUREAU AND POMONA GRANGE ANNUAL PICNIC.

The above picnic will be held on Friday, August 13, at Turtle Point. At this time we will expect to see all the farmers of the county there, whether they are members of either of the above organizations or not. Everybody interested in agriculture should attend this picnic.

Fred Rasmussen, Secretary of Agriculture of the State of Pennsylvania, will be one of the main speakers. You ought to hear your own secretary of agriculture on the many problems which the farmers of the state are up against, and just how he and his workers are going to help solve the farmers' problems. It will be worth two or three days of your time to hear what he has to say.

Fred Brenckman, the Secretary of the State Grange, will be the other speaker, and he promises to give us something worth while, and something to think about along the lines of co-operation and especially through the Grange.

In addition to the above, we expect to have some good features along the lines of races, stunts and ball games.

The usual BIG EATS and the valuable comparing of notes with your fellow farmer will be, of course, very much in evidence.

Every farmer should plan on making this ONE HOLIDAY, and get all out of life that the opportunity presents.

Watch the papers for further details.

BRADFORD POLICE CHIEF SHOOTS DESPERATE CRIMINAL.

Buffalo, July 10.—Chief of Detectives Zimmerman of this city said today that the wounded prisoner in Bradford may prove to be a burglar named John Ryan, also know as "Big Dick," who is wanted by the police here for participation in a series of burglaries about two years ago. Chief Zimmerman has communicated by telegraph with the Bradford authorities.

The Bradford Sunday Herald says—Chief Howe in capturing Thomas Ryan Thursday night as a suspected burglar performed a service to the law and order lovers of several localities. The long wait of the Chief and patrolmen of Bradford in a pouring rainstorm many hours will make communities safer.

That Chief Howe is alive is due to the fact that he fired first and shot Ryan in the neck when the latter aimed at the Chief with his gun. The wounded man was taken to the Bradford Hospital and cared for by Dr. Hogan. The wound is not dangerous.

Yesterday morning Chief Howe received a congratulatory letter from James McAuliffe of McAuliffe & Son of Allegany, N. Y., who had learned of the Chief's capture of the yegg. He also told of two robberies which occured in the McAuliffe store in May and June, when a safe was cracked.

Friday afternoon District Attorney Archibald Laidlaw and Sheriff Raymond Mallery of Cattaraugus county, and Police Chief Dempsey, of Olean, came to this city and visited the Bradford hospital to see Thomas Ryan, who was taken into custody Thursday night by the Bradford police, charged with suspicion of burglary. The visiting officials identified Ryan as one of the gang supposed to have blown the safe in the Midland Wool Combing Company's office at Salamanca on June 7, 1919, and taking $4,200 in cash, Liberty Bonds and other securities.

The Cattaraugus authorities brought with them a police circular, bearing Ryan's rogues' gallery photograph, and a description of him issued following the burglary at Salamanca. The circular contained also the likeness of Ryan's alleged confederates in the Salamanca job, two of whom have been apprehended, the third turning state's evidence.

One of Ryan's pals was wounded recently in Corning, while fighting with the police of that place. The police circular in the hands of the Cattaraugus authorities gives the prisoners name as Thomas Ryan, and lists the professional alias of "Big English," the police pedigree stating that Ryan was born in England 32 years ago.

Ryan was removed from the hospital to police headquarters Friday night in Still's ambulance and placed in the women's department of the jail. This action was taken to preclude the possibility of his escaping from the hospital. Dr. W. C. Hogan, who attended Ryan, gave his sanction to the removal, as the man's wound is not considered serious. The bullet passed through the muscles of the neck. His throat does not seem affected as he can swallow.

Ryan stood the trip well. Upon arriving at headquarters he was carried upstairs to the women's department on a strecher and put to bed.

Mr. and Mrs. Thomas Ryan, have lived at No. 27 West Washington street, this city, three months. It is said that Mrs. Ryan is Mrs. Kelly, who deserted her husband at Corning three months ago for Ryan. He is a large good looking man and she seems infatuated with him. She was released from custody and is taking care of the wounded man.

When Ryan and his pal jumped off a B. R. & P. train Thursday morning near Custer City with a great bundle and were seen by a negro it proved their undoing. He told of the incident to Denny Kuhn of that vicinity who phoned the Bradford police. They went to the place and after a tedious search found the bundles hidden in underbrush. The contents were identified by Louis Kohn of the Kohn Manufacturing Company as goods stolen from his plant at Falls Creek early Thursday morning. Then ensued a long wait until 8:30 p. m. when a man appeared with a flashlight. By its light he saw Chief Howe and Travis and whipped out his revolver. He was already covered and the Chief shot. The Chief telephoned for Still's ambulance which conveyed the wounded man to the hospital.

PLANS FOR VETERANS' CONVENTION.

The committee of Eldred Post, [illegible] in charge of arrangements for the First Annual Reunion of McKean County Service Men to be held in Smethport, Wednesday and Thursday, August 18th and 19th are perfecting their plans and it is expected that the complete program will be arranged during the coming week.

One of the free attractions will be an aerial exhibition between two of the highest Main street buildings from a rigging suspended across that thoroughfare, by Miller Stickles a clever local artist. Mr. Stickles who attracted much favorable attention as an entertainer while a member of the A. E. F. in France, has kindly donated his services for the event.

John Connolly of the concession committee has received sufficient communications to indicate that there will be a large midway of shows, riding devices and stands.

The committee is in communication with a man in Potter county to put on the gigantic ox-roast or barbecue to be served the visiting veterans.

These features are but incidental to the big program of band concerts, parades, military drills and field day sports and other military displays.

To finance the reunion is a problem of no mean proportions confronting the local post. This problem has in a large measure been solved by Jas. Quirk who has again proved his public spirit by donating the use of the Lyceum and furnishing the services of the local orchestra for a big dance, the entire proceeds of which are to be turned over to the post's convention fund. The boys gratefully accepted this generous offer and accordingly a big dance will be conducted at the Lyceum in the near future for the convention fund. This worthy object should result in unstinted patronage on the part of our citizens as the Legion members need the money for the reunion expenses.

MEMORIAL TO DR. ANNA SHAW.

Mrs. McCandless has sent to the Democrat an appeal made to all people in the county who are in sympathy with Suffrage and the higher education of women, to assist in the movement for a memorial to Dr. Anna Howard Shaw. Many men as well as women appreciate the value of Dr. Anna Howard Shaw's life and the writer asks those who are willing to help the Chairman raise $650 for this practical memorial, will kindly take their subscriptions to the Hamlin Bank & Trust Co. The men will now have an opportunity to help the writer make good, as she has helped them many times.

THE TETAPOCHAN CAMPFIRE

The following members of the Tetapochan Campfire left Wednesday to spend a week camping on the O'Reilly farm: Ruth Summersgill, Leola Anderson, Edith and Anne Andrews, Leota Hovis and Harriet Brownell. They were accompanied by Miss Gussie Nellis, who is the guardian of the camp.

MINARD RUN HILL ROAD AGAIN OPEN TO TRAFFIC.

The Minard Run Hill road is again open for traffic, after having been widened, repaired and put into first class condition through subscriptions by public-spirited citizens of Bradford and Smethport. This road is now the only direct thoroughfare from Bradford to Smethport, as both the Rew road and the Big Shanty road are closed.

Improvement of the Minard Run road was made possible largely through the efforts of County Commissioner A. J. Bond who was in charge of the project, and succeeded in putting it through with characteristic energy. Mr. Bond was capably assisted by Col. A. D. Burns and other local good road enthusiasts. The funds for the work, amounting to $2,000, were contributed by the Conopus club of Smethport, the Bradford Automobile club and a number of Bradford citizens.

The Smethport Conopians gave $1,000, the local automobile club donated $200 and the remaining $800 was contributed by various public-spirited residents of Bradford. An interesting feature of this project is the fact that State Highway Department experts estimated that the requisite improvements would cost $10,000. The expense was kept down to $2,000, however, largely through efficient use of machinery, including William Hanley's steam shovel.

The improvement includes the widening of the road, the filling in of ravines, etc. Mr. Bond personally supervised operations, taking the men out early by automobile and bringing them in at night. Bradford Era, Tuesday.

PENN'A READY TO REGISTER WOMEN.

Harrisburg, July 10.—County commissioners are urged by William I. Schaffer, attorney general, to have prepared the necessary registration books and other blanks to enable them speedily to assess and register the women of the state who may become electors at the November presidential election.

The constitution provides that one of the qualifications for voting is that a state or county tax must be paid at least one month before the election, and that the elector shall have been assessed at least two months before the election. Only the women owning property are on the Pennsylvania assessment lists, and the great mass would only have three weeks in which to be assessed to meet the requirements of an assessment of two months prior to the date of election.

ACCIDENT AT CROSBY

A serious accident occurred at Crosby last Sunday evening when the car driven by Milford Lathrop struck Mildred Landon, breaking several of her ribs and bruising her severely. The young lady was standing on Charles Bloomster's lawn fully twenty feet from the road. Mr. Lathrop driving by, inadvertently turned the car directly toward her. She did not move, believing of course, that he would turn the car before reaching her. But apparently the young man lost control of the car and could not stop it. Miss Landon was taken to the home of friends and is reported to be getting along nicely.

BURNS, PRESIDENTIAL ELECTOR

Harrisburg, Pa., July 13.—Names of the men Senator Warren G. Harding has selected to run as Republican candidates for presidential electors in Pennsylvania were filed with the Secretary of the commonwealth today and and will be certified to the various counties for printing on official ballots. The list includes: 21st district, Andrew D. Burns, Bradford, McKean county.

Smethport Wins From Shinglehouse

What promised to be a most interesting game of base ball went to smash in Sunday's contest between Smethport and Shinglehouse in the fifth inning. Before that stage of the proceedings was reached both teams were playing airtight ball and each team had accumulated one run. Then came the fifth and the blow-off.

Tommie Clark took a cheerful swing at the ball to open festivities and the result was a clean two-hagger. Paul Denning duplicated this performance in an impressive manner. At this point in the proceedings Ford and Dixon missed a couple and then McGowan and Josephson came forward with a pair of slams to add to Smethport's hilarity and a little later Bob Hull added a single and "away went the old ball game."

Four hits, two errors and the breaks of the game gave Smethport six more in the sixth. Shinglehouse made a rally in the seventh when Dynes made the first hit of the game for the visitors. He was followed by Moran and Lunn with singles and this combination scored two runs.

Tommie Clark came through the ordeal, smiling as usual and with only four hits chalked against him. Smethport made 18 off the opposing twirlers. Charles McGowan had a good day with the stick and Paul Denning, Bob Hull and Tommie Clark were not far behind.

Through some sort of a misunderstanding Frank and Paul Moran were not in Smethport's line-up. Frank played with Shinglehouse and, as usual, played well.

The summary follows:

Next Sunday, July 18, the strong Franklinville team will meet Smethport here. On Labor Day last year these teams played two games at Franklinville that were thrillers. Smethport won the morning game by a score of 3-2, while Franklinville was victorious in the afternoon by a 4-3 verdict. This should prove one of the season's best contests.

On Sunday, July 25, the local team will meet the Delicia A. C. team of Elmira, N. Y., a semi-pro team that is touring this part of the country. Newspapers in towns where the team has played are unanimous in saying that the Delicia team is composed of gentlemen who are fast ball players.

Efforts are being made to secure the Olympics team, champions of Bradford for a game, and the Federal team of Olean and Electrics of Cuba are also teams who may visit Smethport.

MRS. CATHERINE R. CURRIER

Catherine Abbot Rich was born in Jackson, Maine, July, 31st, 1847 and died in Smethport Pa., July 1, having nearly completed Seventy-three years of life.

She was the eldest of three sisters two of whom survive her. Mrs. Judith Isabel Moody, of Brooks Maine and Mrs. Rebecca Tripp of Boston, Mass., who is present today.

She was married to Albert Currier September Sixth, 1866 in Newburyport Mass., Two sons were born to them, Edward Eugene and Richard Jewett who reside in Brocton, Mass.

After thirty-three years of happy wedded life Mr Currier was taken from her. His death ocurred in January 1899. He is buried in Newburyport, which shall also be her final resting place.

The widowed mother maintained the home for her sons until 1908 when her oldest son, Edward Eugene came to Olean, N. Y. to engage in business. The mother shortly after followed him to the new home. Here they dwelt until 1915 when the sons business called him to Smethport. The separation was not long for the mother came to him in December of the same year. Here for five years they lived most happily and here after 100 days of suffering the last of which was most intense with a wonderful courage and a sublime faith she passed away.

The devotion of these two mother and son was unusually strong and beautiful.

During her residence here, as elsewhere, by her beautiful, cheerful spirit, she won many friends among both children and grown up people.

A christian form childhood she lived the life serene and hopeful.

Although born a Congregationalist she identified herself with the Methodists in Smethport, with whom she cheerfully worked and to whom has come a loss irreparable.

SENATOR EMERY GIVES ALFRED SCHOLARSHIP.

Bradford Star-Record, Thursday, says: Hon. Lewis Emery, Jr., who is at present in Peru, South America, looking from his mining interests, has taken favorable action upon a request from the Hon. Wallace W. Brown of this city, for a thousand dollar scholarship in the Alfred University, at Alfred, N. Y.

The letter, which is quite characteristic, is self explanatory. It speaks of the energy that is needed to operate a mine for gold in the vicinity of the Andes. The senator also tells of the heavy rainfall in that country. Mr. Emery expects to return to Bradford in May, 1921. His letter to Mr. Brown follows.

Santo Domingo, Peru, S. A.
May 23rd, 1920.

Hon. Wallace W. Brown,
Bradford, Pa.

My Dear Wallace:—

Your letter received relative to a ($1,000.00) thousand dollar scholarship to be issued in my name by the Alfred College, for the use of any worthy student, male or female, of any nationality that is admissable to the college by the board of trustees.

This letter will be my order to you to present same to either Earle or Lew Emery in charge of my affairs at my office in Bradford, Pa., to receive from them the one thousand dollars for the purpose mentioned above.

I desire you to attend to the securing of said scholarship and handle the entire transaction in your own way. I am more than pleased to comply with your request and hope that the gift will be the means of assisting many in theirefforts to educate themmany in their efforts to educate thempublic.

Incidently I am now over the Andes working out the last great business problem of my life, but remember I am the junior of you, and am up at five-thirty a m. We breakfast at six and at six-thirty I am at the entrance to the mine, inspecting every miner and helper. All must be sober and equipped with his carbide lamp ready for duty and emergency. At present we are working in the Electric tunnel, 1800 feet below the mountain top; on the 500 ft. level, which is 2300 ft. below; on the 800 ft. level, 2600 ft. below mountain top or outcrop of gold vein. We are still sinking and in oil well parlance are going it blind, but are anxious to know whether the great ore body in which we are working carries values deep down. This is the only gold mine east of the Andes ridge, in an absolute wilderness, disturbed only by Yankee effort, and am very anxious to work out a successful end. Cannot allow my last effort to fail. Besides am away from all political and business turmoil and strife. I have always been jostled, and I have also jostled some other body, when I was young, and I enjoyed the scrap. I have received many a hard punch, was stunned, but most always gave the last successful punch to my adversary. Now at eighty am in good health and can climb the Andes every day of my life. Our home is fastened on the side of the Andes, and is liable to be moved out without our permission, but we are quite sure of being landed below with enough breath in us to move our bodies.

The rainfall annually is 25 to 30 feet; I think it is nearer 40 feet this year. I have known 10 inches to fall in one night this season. Our mine elevation is 5600 feet but to get here we must go over the top. Aricoma Pass, 15,800 feet. At the western end of the pass is Aricoma lake, six miles long and about one-half mile wide. The west side is absolutely barren to the Pacific coast, 400 miles distant. On the eastern side of the pass, one is amazed as he glances over the lower peaks of the Andes into the great Amazon basin, 130 miles east, one everlasting green. From your point of view your gaze is upward turned and you find while standing in Aricoma Pass you are in the valley of four mammoth glaciers, towering 5,000 feet above. The greatest of all, the highest, is Aricoma mountain, 21,000 feet with great ice fields on its sides and top. God's wonder performed. It makes one speechless and his hair stand on end, and it summons courage to even look at the great panorama before you.

Hope to return home next May, 1921; hope to meet you in the flesh. Best wishes to your family and Fred and wife. May you be spared many years to come.

Yours sincerely,
LEWIS EMERY, JR.

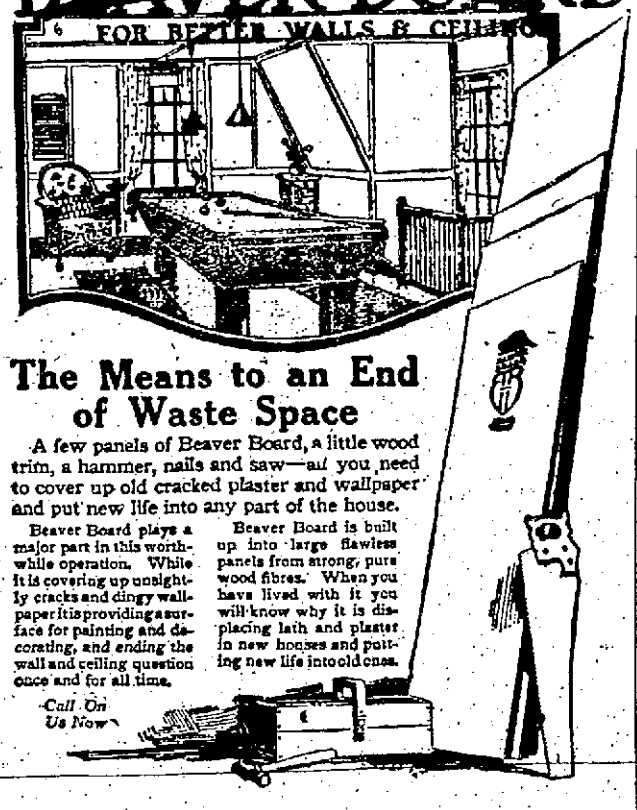
BEAVER BOARD
FOR BETTER WALLS & CEILINGS



The Means to an End of Waste Space

A few panels of Beaver Board, a little wood trim, a hammer, nails and saw—all you need to cover up old cracked plaster and wallpaper and put new life into any part of the house.

Beaver Board plays a major part in this worthwhile operation. While it is covering up unsightly cracks and dingy wallpaper it is providing a surface for painting and decorating, and ending the wall and ceiling question once and for all time.

Beaver Board is built up into large flawless panels from strong, pure wood fibres. When you have lived with it you will know why it is displacing lath and plaster in new houses and putting new life into old ones.
